The Department of the Interior is in sympathy with the aims of the program to report all foreign publications acquired as outlined in your letter of 27 October 1958.

We are currently reporting such acquisitions in the Department Library's List of Accessions and cooperating with the Office of Technical Services of the Department of Commerce by reporting on translations originating in the Department. Department personnel are encouraged to deposit foreign publications which they acquire in the library.

We welcome any further suggestions for such cooperation.

Sincerely yours,

A. Otis Brasley
Administrative Assistant Secretary
